

RESOLUTION REGARDING ELECTION INTEGRITY

WHEREAS: Clear evidence of fraud, errors, mistakes, etc. have been accumulated since the 2020 and 2022 elections. Consequently, a large percentage of voters in the state of Georgia still have distrust of the results of those elections; and

WHEREAS: QR codes on ballots are the sole source for ballot tallies on all in-person voting. For this reason QR codes are not trusted and appear to be illegal; and

WHEREAS: Voting machines currently being used are not trusted by a significant percentage of the Georgia voters. Drop-off ballot boxes are not secure. Voter rolls are not accurate and are not reviewed regularly. Advanced in-person voting is extended beyond a reasonable timeframe. Mail-in ballots not considered Absentee ballots are highly suspect; and

WHEREAS: There is an effort to move toward Ranked Choice voting. The highest vote getter sometimes loses an election they otherwise would have won. The more candidates on any ballot decreases the chances that the highest vote getter would eventually win with the Ranked Choice voting process.

NOW THEREFORE BE IT RESOLVED, voting machines are to be removed and a hand-marked paper ballot system is to be implemented immediately. Ballot drop boxes are to be discarded permanently. Rules for maintaining voter rolls need to be reviewed and the voter rolls themselves must be cleaned up on an on-going basis; and

BE IT FURTHER RESOLVED, the use of QR codes for ballot tallying are illegal and should not be used. Cobb County Board of Elections should immediately stop using QR codes on all ballots; and

BE IT FURTHER RESOLVED, The State Election Board must seek an opinion in Federal Court whether the Dominion Voting Machine contract is valid or voidable; and

BE IT FURTHER RESOLVED, voting should be done in-person on election day only or by official absentee ballot. Approved absentee ballots should be available to every authorized voter who legally requests an absentee ballot and has good reason to request said ballot. Mail in ballots not considered Absentee ballots are to be eliminated; and

BE IT FURTHER RESOLVED, Ranked Choice Election processes are not to be allowed in Georgia; and

Passed at the Cobb County Convention, March 11, 2023

Cobb GOP Secretary

BE IT FURTHER RESOLVED, our Georgia Assembly and Senate need to continue the efforts started to reduce voter fraud. All evidence of voter fraud must be investigated and aggressively prosecuted. Further changes to Georgia law need to be addressed.

Passed at the Cobb County Convention, March 11, 2023

Cobb GOP Secretary
